

## Pop-Up Marriage License Office Opening at McCarran for Valentine's Day, Presidents Day & Chinese New Year

The County Clerk's Office will open a pop-up marriage license office at McCarran International Airport from Feb. 9 to 17, to help couples obtain marriage licenses faster and more easily during the busy Valentine's Day, Presidents Day and Chinese New Year holidays.

The Marriage License Bureau, a division of the Clerk's Office, issues about 80,000 marriage licenses annually and is typically the busiest in the nation. In 2016, more than one out of every 25 marriages in the U.S. took place in Clark County. More than 1,500 marriage licenses are issued during the days leading up to and including Valentine's Day, which is about twice the number of licenses issued during a non-holiday period.

"The days around Valentine's Day and Presidents Day weekend are always some of our busiest," County Clerk Lynn Goya said. "This pop-up marriage license office will make it easier for couples flying here to pick up a marriage license."

The office will be open from 9 a.m. to 5 p.m. from Feb. 9 through Feb. 17, and will be located in Terminal 1 Baggage Claim. The open dates also include the Chinese New Year on Feb. 16. The temporary office will only issue marriage licenses, and will accept credit card payments. Couples may also get a marriage license at the Marriage License Bureau main office at [201 E. Clark St. in downtown Las Vegas](#). The office, which is on the south side of the Regional Justice Center just three blocks south of the Fremont Street Experience, is open from 8 a.m. til midnight every day, including holidays.

Couples coming to Las Vegas to get married are encouraged to fill out a marriage license pre-application, which can be found through the County website at [www.ClarkCountyNV.gov](http://www.ClarkCountyNV.gov). (Select "Get a Marriage License" under "Popular Services" on the left side of the web page.) After completing the application online, the couple will be issued a reference number that they should bring with them to the Marriage License Bureau or to the temporary office at the airport. Marriage licenses cost \$77 and anyone seeking a marriage license needs to show proper identification, such as a driver's license or passport. A complete list of accepted identification and other information is available through the Clerk's Office web page.

The airport pop-up and downtown main office are for marriage licenses only — no wedding ceremonies are performed there. Couples can find a directory of wedding services and vendors at [www.WeddingChamber.Vegas](http://www.WeddingChamber.Vegas).
